To order replacement components, use the specified code number.

INTRODUCTION
The Magnetic Stirrer will hold two 250 mL flasks or beakers. Place containers on stirrer surface and turn stirrer on. Adjust the stirring speed with the individual control knobs.

PROCEDURE
1. Turn both speed control knobs fully counterclockwise.
2. Plug adapter into side of stirrer. Connect to appropriate power source.
3. Place flat bottomed flask containing solution on stirrer.
4. Place stirring bar in flask. Move flask so stirring bar is centered.
5. Press “ON/OFF” button to turn stirrer on. Red indicator light should be on.
6. Adjust speed using speed control knob. Turn knob clockwise to increase stirring; turn knob counterclockwise to slow stirring.
7. After mixing is complete, turn speed control knob fully counterclockwise. Push “ON/OFF” button to turn stirrer off. Red indicator light should be off.
